### 8. No7 Lift and Luminate Mask, \$20, **Walgreens**

“My absolute favorite mask to use from the drugstore — which might as well be department store because of its high quality — is No 7 Lift and Luminate Mask. It comes in a four pack and is infused with hyaluronic acid and vitamin C to revitalize and plump skin. It’s hypoallergenic so it won’t irritate your skin. I use it while taking a warm salt bath,” says Adriana Martino, founder of **SKINNEY Medspa**, whose clients include Hailey Baldwin and Georgia Fowler.
